NOTE—Contn. sheet.

Final Note by the Second Member of Council.

Subject:- Regularising the appointment of Mr. Mir Mira Rama Rao, as a Medical Graduate in excess of the sanctioned scale of Medical Graduates.

On the recommendations of the Senior Surgeon, sanction of His Highness was obtained on 10th February 1922 for the appointment of Mr. Mir Mira Rama Rao, L.M & S., as a Medical Graduate on Rs.80-5-100 per mensem.

Pages 9 to 11 of H

2. The Senior Surgeon did not bring to the notice of Government at the time that the above appointment would have the effect of increasing the sanctioned cadre of Medical Graduates from 9 to 10. As soon as the irregularity was discovered, I ordered that the explanation of the Senior Surgeon should be called for and this was done.

3. The explanation received is to the effect:-

(1) that the resignation of Mr.J.C.Noronha, Assistant Surgeon, Lst grade, reduced the number of Medical Officers of the grade by one and that by promoting one Assistant Surgeon of the Second Grade to the First Grade and one Medical Graduate to the place of Assistant Surgeon, Second Grade, the number of Medical Graduates would be reduced from 9 to 8 making a new appointment in that grade possible;

(2) that recommendations regarding the promotions referred to above have been held over for inclusion in the series of promotions, the submission of which has been pending the receipt of the permission of Government applied for; and

(3) that the arrangement now made has merely resulted in the temporary excess of one officer in the cadre

of

of Medical Graduates against a corresponding deficiency in the cadre of Assistant Surgeons.

4. The explanation offered is scarcely satisfactory. The Senior Surgeon should not have sent up proposals involving an increase in the sanctioned cadre of Medical Graduates before the Government had passed orders in respect of filling up the vacancies in the higher grades.

5. In view, however, of the fact that the appointment has been already ordered, I solicit sanction to a temporary excess in the sanctioned cadre of Medical Graduates by one, on the strict understanding that the excess will be wiped off as soon as promotions are ordered in respect of the vacancies existing in the higher grades.

SIR,

With reference to your letter No.L.6130-Med. of the 20th April 1922, I have the honour to state that the resignation tendered by Mr. J.C.Noronha, reduced the number of Medical Officers by one. Mr. Noronha belonged to the 1st Grade of Assistant Surgeons and the proper course to fill up the vacancy was to promote a 2nd grade Assistant Surgeon to the 1st Grade and a Medical Graduate to Assistart Surgeon 2nd Grade. The number of Medical Graduates in the list would then have been reduced from 9 to 8, making a new appointment in that grade possible.

2. Recommendations regarding the promotions referred to above have been held over for inclusion in the series of promotions the submission of which has been pending the receipt of the permission applied for in the correspondence ending with this office letter No. G.C. 16-4 dated 9th Nov. 21 an early disposal of which is earnestly solicited. In the meanwhile the new appointment in the cadre of Medical Graduates possible as shown above, has been made. The arrangement has merely resulted in a temporary excess of one officer in the cadre of Medical Graduates against a corresponding deficiency in the
